

ANML FIT

House / Tech House / Techno

Ukrainian DJ from Odesa. Warm house groove that builds into hypnotic techno, drawing people deeper into the music.

Odesa, Ukraine · open to international bookings

Press Kit 2026

Artist Profile

ANML FIT is a Ukrainian DJ from Odesa whose sound connects the warmth and groove of house with the hypnotic intensity of techno. Her sets follow a clear thread: a rolling bassline, bouncy percussion and a gradual build that draws people deeper into the music.

Rooted in Odesa's electronic music scene, she has played at WOL.121 by Ribas, The Roastery, Terrace Sea View and YUG, across club nights, beach venues and open-air events.

A journey through Berlin and its rave culture changed the way she hears music. It sparked ANML FIT FREQUENCIES, a mix series where those influences meet her own sound. She brings her Ukrainian roots and a love of shared dancefloors to every set.
